

Anthony J. Mantini, Jr.

Superintendent

Specialty / Expertise

Anthony is responsible for the day-to-day supervision of the jobsite. He is responsible for the coordination of subcontractors, permits and inspections from the local municipalities, as well as working closely with the appropriate engineer and architect.

Career / History / Professional Recognition

Anthony began his career as a member of the International Building Trades Union. He then served 4 years with the US ARMY as a Team Leader, Project Supervisor, Manager, and Coordinator. He was formally recognized by the US NAVY in February 2007 for his leadership, training and support during the 2007 Humanitarian Logistics Over The Shore Mission, a joint effort between the US ARMY & US NAVY. Anthony has been managing construction project sites for Hollister since May 2008.
