

Ian J. Mount · Project Manager & Director of Development Services

imount@hollistercs.com
201.806.3017

Specialty / Expertise

Expertise in development and redevelopment process, specifically NJ statutory redevelopment regulation.

Career / History / Professional Recognition

Ian Mount has more than 10 years experience in managing and financing public and private real estate development projects. Prior to joining Hollister, Mr. Mount was a partner and Director of Development for a private New Jersey-based real estate development partnership. His responsibilities included the coordination and oversight of all aspects of design, construction and financing activities related to development and redevelopment projects. His previous experience includes financial analysis and advisory services for a broad range of real estate clients. Mr. Mount has an undergraduate degree from Vanderbilt University and an MBA degree in Finance from American University in Washington D.C.
