

**John S. Brucker** • Senior Vice President of Construction - New Jersey Office

jbrucker@hollistercs.com
201.806.3003

Specialty / Expertise

John Brucker has over 24 years of construction management experience, primarily in commercial office development and renovation. Mr. Brucker's responsibilities include overseeing the project management team and providing guidance and management as a Project Executive.

Career / History / Professional Recognition

Mr. Brucker was employed with Bellemead Construction Corporation for more than 13 years, and BCC Construction as Vice President for 8 years. Prior to joining Hollister Construction Services, Mr. Brucker was most recently employed with The Gale Construction Company, serving as a Senior Project Manager, Project Executive and then Vice President.

Mr. Brucker's extensive experience working as the construction management arm for prominent NJ development firms gives him an Owner's perspective on project design, budgeting and scheduling. This allows him to provide knowledgeable guidance to an Owner's design team, and offer value engineering and effective project management during pre-construction and construction phases of a project.
