

Jack Pross

Project Manager

Specialty / Expertise

Jack Pross has been in the commercial construction industry for over 23 years. His experience ranges from hands-on field work to acting as a liaison between clients, owners, architects, engineers, subcontractors and vendors. He has had the opportunity to take part in a wide variety of projects such as Highrise, Midrise and Lowrise Construction, Hospitals, Medical Facilities, Restaurants, Commercial Office Space, Multi-Family Residential, Retail, Manufacturing and Utilities both new construction and renovations.

Career / History / Professional Recognition

Jack began his career in 1985 when he joined Bellemead Development Corporation and enjoyed a successful career for 12 years. In 1997, two separate companies were formed and he joined BCC and Belle Construction for an additional seven years. From BCC and Belle Construction, he moved on to T.F. Segedin Associates, March Associates and Carson & Roberts Site Construction where in each case he was able to expand upon his experiences.
