

Stephen Knapp

Director of Information Technology

Specialty / Expertise

Information Technology

Career / History / Professional Recognition

Started out working as a consultant on various IT projects for Fortune 500 companies in NYC including JP Morgan Chase, GE Capital, and Sprint PCS. Later worked at several different positions including Sr. Network Technician for River Vale school district and Director of Information Technology for Lee & Klatskin Associates. Was later hired by HCS as Director of Information Technology where I am responsible for maintaining and supporting Hollister's various locations in the tri-state area and keeping Hollister on the cutting edge of technology.
