

Tammy A. Pierson

Assistant Project Estimator

Specialty / Expertise

Tammy is responsible for expediting services for the estimating department. She is responsible for organizing and maintaining estimating documentation for pre-constructive services including obtaining appropriate coverage for all crucial specific trades.

Career / History / Professional Recognition

Tammy started her career in construction in 2001 as the administrative assistant to the estimating department for Raimondo Construction. In 2005 she joined Damon G. Douglas Company as their expeditor. She has experience with various projects which include GMP's, New Construction, Interior Fit-Out's and Renovations. She has strong communication with office personnel, owner rep's, and vendors. She has built an excellent client rapport with various sub-contractors in each trade.
